CREATING TOMORROW

GGM002

First impressions are lasting impressions.

Your exterior is the first impression for people visiting your business or facilities. It should be a reflection of exactly how you want to portray your image, whether it is dynamic, professional or creative it is the presentation, visual pleasure and style that will embrace most.

maintaining and making good almost any type of garden or ground facilities. Our attentive service has the ability to help beautify your facilities, improve your image and bring to the surface the opulence of your premises, creating not only a first impression but also a lasting impression.

We also ensure that your **garden and grounds maintenance** is performed in the most environmentally responsible manner by using bio-fuel where possible, recycling compost and implementing more eco-friendly methods and procedures.

Garden and Grounds Maintenance solutions are tailored to suit your individual requirements with quality and budget in mind:

Services Offered:

- Lawn care and maintenance
- Programmed weed maintenance
- Pesticide management
- Irrigation control
- Programmed upgrades
- Re-design construction

We have an answer to all your needs, be it general lawn mowing or acreage grounds maintenance through to precision landscape up-keep and re-design. We can even bundle your garden

maintenance as part of our **multi-skilled service** offering or integrate it into your contract package. Our licensed and insured landscaper's have the skills needed at treating,

Call us today on **1300 787 880** to discover how Spree Enterprise can provide a **Garden and Grounds Maintenance Solution** to suit your needs.
